

CAN-AM ENTERPRISES SIGNS ON AS EVANS MILLS SPEEDWAY SPONSOR FOR 2017

April 3, 2017

EVANS MILLS, NY – Preparations for the rapidly approaching 2017 season at Evans Mills Speedway are in high gear, and officials at the 3/8-mile asphalt oval announced this week that Can-Am Enterprises had joined the Evans Mills Speedway team of marketing partners, and would be on hand at the speedway each week, offering Sunoco Race Fuels. Both the Sunoco proprietary crate blend fuel and 110 octane fuel will be available, and racers in the Mills Modified and Pro Stock classes running fuel purchased from Can-Am Enterprises will be eligible for point fund money and contingencies.

“Can-Am has been on-site at the speedway for years, and it gives us – and our racers – an opportunity to work with a local business that stands solidly behind our sport,” remarked Chirico.

Evans Mills Speedway will race on Sundays in 2017, beginning with Opening Night on April 30th. More information, including a complete 2017 schedule, can be obtained online at www.evansmillspeedway.com, or by calling (315) 221-9180.
